Subject: Decision by the FICA board Trustees about the fate of the ICC

Dear Members,

I am writing this letter to inform you that after the Community Forum, on Sunday May 15, 2011 at 2:00 PM discussing the fate of the ICC building FICA Board of Trustees took a decision in favor of repairing and upgrading the India Community Center on Cedar road instead of putting it for sale.

Prof. Chittaranjan Jain, chairman of the FICA board of trustees, wrote Prabar Ghosh, President BCS EC, 2011 that **"based on community input, it is decided that the ICC building will be renovated to make it a safe inviting place suitable for continuous use for at least the next 5 to 10 years."**

Professor Jain requested in his letter to send him a renovation 'priority list' (from BCS) which will be discussed in their next meeting of the FICA board of trustees.

You will receive another email with updated information regarding the building renovation and the minutes of emergency GB meeting held on May 13, 2011 soon.

Thanking You

Sincerely

Utpal Datta
Secretary
BCS EC, 2011
